

Time is the greatest cost of any business. The goal of our new Forklift Delivery (or pick-up) Service is to save our customers as much time as possible. From less headaches for organizing off-loads at job sites to providing a full logistics solution of flatbed freight distribution. With our new service your organization can give a custom shipping choice for a lower price than any other option.

- Perfect for jobsite deliveries or pick-ups
- Available on 24ft trucks and 45ft trailers
- Ready for LTL orders and Truckloads
- Service in 90% of the area we cover
- Scheduled through centralized dispatch
- Same day emergency service available
- Full logistics support for large projects
- GPS tracked for status monitoring
- Discounts for large or dedicated projects
